

## Midge Aragon

### Chinese Calligraphy

The calmness & serene beauty of Asian Art has been a part of my life since childhood. My parents were inspired by this art form & our home was filled with its beauty. I continue to be inspired by the simplicity & contemplativeness of writing Chinese calligraphy.

Ten years ago I studied under a master Chinese Calligrapher. I have been writing Chinese calligraphy ever since. I enjoy painting symbols that have positive & inspiring meanings. My hope is that others will enjoy the abstract beauty of the lines & be inspired by the messages.

Each tile is individually painted & hand-crafted.

I have exhibited my work in several galleries & art shows in New Mexico, Arizona & Maine, including Weems Artfest in Albuquerque.
