Steve Christman Photography

Practically a native of New Mexico, I moved from Chicago to Albuquerque in 1976. I was given a camera as a gift years ago from my mother to use on a trip. I looked at some of the photos that I got back & from that moment on, I was hooked! Eager to soak up more knowledge, I got my hands on reading materials & learned from friends who were also into photography.

I took courses in photography, attended some workshops & lectures by world renowned photographers, such as Jerry Uelsmann, Galen Rowell & David Muench.

I began to look at how light played a key roll on a scene at different times of day. With encouragement from family & friends, I pursued my passion for photography.

My work was published in the prestigious Photographer's Forum Annual Book, Best of 2000 & 2003.

My work has received many acclaimed awards & also notoriety in the New Mexico State Fair, Field Guide to the Sandias & others.

I have displayed my work in such places as Around the Corner Gallery, OK Harris Gallery, Kokopelli's, Relaxation Spa & recently at Weems Galleries & Framing. I am branching into other areas of photography, including commercial work, portraits, weddings & teaching outdoor workshops.

My enthusiasm remains with the beauty & natural wonders of the outdoors & what it has to offer.
