## Esther Geller Estera Designs

Estera was her given name at birth. She came to America at age 3 with her parents, who are holocaust survivors. In 1993, she relocated from New Jersey to New Mexico with her soul mate Ernie. She has two married children & three grand-children. She went to Long Island University & completed Landmarks Curriculum for Living. She also is involved in growing her talents in her bead artistry by attending classes, which is ongoing.

Her creative channels for her artistry opened when she relocated to New Mexico, working with Pearls & Gemstones. She's able to bring colors & shapes together to create an exquisite finished product which is very much in demand from the east coast to the west.

The balance & harmony she puts into each piece, can be felt by the person buying her jewelry. In this way she's able to make a contribution to humanity which comes back to her with much joy. She's currently working with people to make custom jewelry for their well-being. She can be reached through Weems for a personal consultation.
